

NOTICE OF PROPOSED ACTION

by the
State of Nevada
Division of Environmental Protection
Bureau of Air Pollution Control

Pursuant to Nevada Revised Statutes (NRS) Chapter 445B, the Nevada Administrative Code (NAC) Chapter 445B, and the Clean Air Act, the Division of Environmental Protection is issuing the following Notice of Proposed Action.

The Director received an application for a renewal/revision of Class I Air Quality Operating Permit AP4911-0756 (FIN A0376) from the following applicant:

TERRA-GEN DIXIE VALLEY, LLC (Dixie Valley)
#1 Dixie Valley Road, Highway 121, 60 miles north of Highway 50
Churchill County, Nevada

Dixie Valley is Churchill County, Nevada. The Director has prepared a tentative determination regarding the renewal/revision that includes, in brief, the following:

- The proposed renewal permit action addresses the NESHAP ZZZZ Requirements and adds a Lube Oil Tank to the Insignificant Activities list.
- The proposed revision permit action clarifies the H₂S sampling frequency and locations, removes the calculation of H₂S Injectate and Oxidation, revises the TDS sampling frequency to a semi-annual basis, returns the emission limits for PM/PM₁₀ for the Black-Start Diesel Generators to allow the Generators to operate at full load and increases the VOC emission limits to allow the Generators to operate at low load.

On the basis of the preliminary review and the requirements of the NRS, the NAC and the Clean Air Act, the Director is hereby announcing her intent to issue the Class I Air Quality Operating Permit based on a review of the information submitted. A copy of the draft permit will be available for public inspection at the following location:

Churchill County Library
553 South Maine Street
Fallon, NV 89406

Persons wishing to comment upon the proposed determinations by the Director regarding this proposed action should submit their comments or request in writing, either in person or by mail or fax within thirty (30) days to:

Benjamin Kahue, Staff Engineer
Division of Environmental Protection
Nevada Bureau of Air Pollution Control
901 South Stewart Street, Suite 4001,
Carson City, Nevada 89701-5249
(775) 687-9460, (775) 687-6396 FAX

The applications, Director's Review, draft permit, any comments received, and other relevant information may be copied at the above address or copies may be obtained by written request to the above address. Written comments or objections will be received at the Nevada Division of Environmental Protection, above address, until close of business on **November 19, 2012**, and will be retained and considered prior to final action on the Class 1 Operating Permit.

Please bring the foregoing notice to the attention of all interested persons.
